

Bridgeside Medical Clinic

WHAT CAN I DO TO MAKE THE MOST OF MY APPOINTMENT?

As with any meeting, there are things that you can do as we work together to help you. These include:

- Booking a separate appointment for each major concern. Other issues may be discussed, but focusing on one main issue will ensure best care and allow us to see you and our fellow patients in a timely manner
- Let us know to book a separate time for your spouse or family member if they also wish to be seen by the doctor
- Calling us right away if you are unable to make your appointment for any reason. Refer to our no show policy for missed appointments
- Arrive 5-10 minutes early
- Notify reception at the time of booking your appointment if you have any forms or paperwork that needs to be filled out by the doctor
- Advise reception about your visit concerns so any preparation can be done ahead of time if necessary
- Make a list of your medications that are needing renewals or call your pharmacy ahead of time for a print out to ensure that nothing will be missed
